

# YOUR BOOTS OPTICIANS

**We are a health-led Optician, yet care about a whole lot more.**

**Our purpose leads everything we do for customers and colleagues in Boots Opticians: a clear statement of why we come to work every day.**

As a health led opticians, we are continually looking to develop clinicians internally within Boots Opticians and also externally within the wider optics market.

Boots Opticians is one of the leading optical chains in the UK and we're still growing. We're all about enriching the lives of every person who walks through our door; including yours.

Therefore, we would like to invite you along to join us in a peer review event with 3 points accreditation & also to discuss career opportunities within a purpose led opticians business.
